Summary

Second-year Emory student taking a year off due to the pandemic, bringing self-driven experience developing front-end applications using technoloiges such as React and SwiftUI in addition to public speaking and leadership skills and experience.

Education

Emory University | College of Arts and Sciences | GPA: 4.0   Atlanta, GA | May 2024
Bachelor of Science: Computer Science | Double Major: Political Science
Relevant Courses: Principles of Computer Science, Data Structures and Algorithms,
                     Data Research Seminar in Political Monitoring, Microeconomics, Macroeconomics
Accolades: Phi Eta Sigma Honor Society, Dean's List Fall '19

Languages/Frameworks

Java: Comfortable with the object-oriented system, experience building data structures, used extensively in Emory coursework
JavaScript: Comfortable with ReactJS library as well as "vanilla" JS. Experience buidling sites for a local business/myself
Swift: Self taught, comfortable with SwiftUI, some time with UIKit, experience with XCode and iOS development lifecycle
Additional: Git, HTML/CSS, SASS, limited C++; always excited to learn any new technology or language if needed

Work Experience

Solo/Freelance Developer   Bedford, NH | June 2020 - Present
- Built a web app from scratch using React and Google Cloud Platform for a local swim/tennis club that included features such as posting and commenting by users, a dynamic calendar for events, and multiple user authorization levels
- Began work on an individual iOS side project focused on tracking income for restaurant workers and other tipped employees
- Utilized my summer vacation and fall semester to learn new languages and frameworks, such as React and SwiftUI

The Friendly Toast Restaurant   Bedford, NH | June 2019 - August 2020
Food Server and Restaurant Associate
- Provided table service for customers while managing multiple parties in a fast-paced work environment
- Worked long hours closing and opening the restaurant on a regular basis to maintain cleanliness within the store

Chris Pappas for Congress   NH-01 | Nov. 2017 - Nov. 2018
Campaign Fellow and Political Intern
- Recruited dozens of other high school volunteers to help with the campaign, visibility events, phone banking, and data entry
- Canvassed all across New Hampshire's first congressional district, knocking over 1000 total doors throughout the state
- Designed dynamic graphics for use in social media posts, flyers, and other significant campaign materials

Leadership, Involvement, and Interests

Outdoor Emory   Atlanta, GA / Remote | Sep. 2019 - Present
VP of Involvement '20-'21 | Involvement Committee '19-'20
- Currently serving as a VP on a 5 member exec board for the largest student organization at Emory University
- Work to plan monthly General Body Meetings, run social media accounts, and keep members and trip leaders involved
- Assist with planning of trips that (under normal circumstances) run every weekend for Emory students to enjoy the outdoors

DECA Inc.   Reston, VA | Apr. 2019 - Apr. 2020
National Executive Officer - North Atlantic Region Vice President
- Elected by state representatives to serve as one of 5 leaders representing a student organization of over 220,000 members
- Created marketing materials and wrote articles for online publications regarding current events, chapter strategies, etc.
- Spoke at conferences, addressing up to over 10,000 people while representing the national brand of DECA Inc.

Interests/Hobbies: Backpacking, climbing, classical/late romantic piano, skiing, graphic design, fashion
